The unobvious improvement comprises the tractor having a plurality of hydraulic supply circuits each including a pair of quick couplers and the hydraulic apparatus including a first and second hydraulic supply line connected to a first and second hydraulic supply circuit wherein a hydraulic motor is connected to both the first and second supply lines.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
